Work Experience

SANS: Securing The Human

Nov 2014 – Present | Chicago, IL

Motion Graphics Editor. Animate video lessons used by large companies and government agencies to train their employees in cyber security. Review animatics and animated videos to strengthen the composition of scenes and improve the visual communication of the videos' voice-overs.

In the past year, I created animations and assets that helped guide a complete overhaul of our visual style and gave our videos a more modern look that has been received well by our customers, who often send emails complimenting the new videos.

Wet Cash Comedy

Apr 2016 – Present | Chicago, IL

Producer. Run a weekly comedy show. Duties involve setting up the set, lights and sound equipment, recording audio and video of the show, editing promotional videos, creating weekly show art of each line-up, promoting the show across social media and other platforms and figuring out logistics for planned bits.

Fuseideas

Sept 2013 – Sept 2014 | Winchester, MA

Production Designer. Was responsible for almost all in-house video production and animation. Worked closely with the social media team to create art for posts across platforms. Created a variety of animated banner ads and print ads, matching a variety of visual styles to make designs based off client given art.

Freelance

May 2013 – Present

Motion Graphics Designer. Created the title animations for several web-series and produced promo videos for several live shows which made me the go-to motion graphics producer in the Chicago comedy scene. Built videos and animated banner ads for a variety of advertising agencies in the Cincinnati and Boston areas

University of Cincinnati Campus Services

Jan 2013 – August 2013 | Cincinnati, OH

Designer. Created animations and produced videos promoting university events. Graphics from my animations were used in print materials displayed across campus.

Trailer Park

Jan 2012 – Mar 2012, Jun 2012 – Dec 2012 | Los Angeles, CA

Digital Design Intern. Created animated Flash banners, social-media images and website and app designs for a variety of clients such as 2K Games, Disney Animation and AMC. Learned to quickly match different visual styles to create cohesive designs based on given key art.

Education

University of Cincinnati

Sept 2008 – Apr 2013 | Cincinnati, OH

B.S. in Digital Design. College of Design, Architecture, Art and Planning. Participated in the Cooperative education program.
